The NEW HPS TITAN Series of Products

The new HPS TITAN line of transformers have been designed for installation where safety is your priority, efficiency is a concern and the environment, location and application are key. Typical applications include institutional, commercial, industrial, petrochemical, marine, mining etc. HPS TITAN series transformers are UL Listed for "Class 1, Division 2, Groups A, B, C and D Hazardous Locations" and also meet ABS Type Approval for "Marine Duty Service and Offshore Applications – Electrical Distribution and Propulsion". With a North American Temperature Classification of T3C, the HPS TITAN series will remain cool under load. They are competitively priced for the rugged, industrial and commercial indoor and outdoor distribution transformer markets.
